

Board of Public Affairs Meeting Minutes – May 15, 2025

There was a regular meeting of the Blanchester Board of Public Affairs held on Thursday May 15, 2025.

This meeting was held at the BPA Conference Room.

The meeting was called to order at 6:22 PM by Chairman Bowling.

Attending was Chairman James Bowling, Trustee Dennis Blocker, Director Ram Reddy, Council Member Lynn Lewis, Mayor John Carman and Donna Johnson Business Manager/Clerk.

There was a motion/second by Trustee Blocker/Chairman Bowling to approve the minutes.
All in favor - All Yeas. Motion carried.

A motion/second by Chairman Bowling/Trustee Blocker to approve the bills listed in Appendix-A.
All in favor - All Yeas. Motion carried.

Clerk's Report:

Discussion with the Board on Solar Panels at 310 N. Broadway that have not been reported to the BPA Office. All Solar Panels must be registered with the BPA Office along with the Fire Dept. and Police Dept. Requested from the board to verify how the panels are hooked up, for legal purposes.

New Ordinance written to bring up to date all legal issues, original ordinance 2018.038.

Board suggested we take the Electric Supervisor and Zoning Officer (who is also on the fire dept) to verify the connectivity of the panels.
Motion Unanimous by all Board Members.

Discussed with the Board, the issue with the copiers, both in the Mayors office and the BPA office. Originally thought we could exchange the BPA copier with the Mayors office and BPA get a new one, but we agreed to do a buyout on the BPA copier and keep it saving the BPA approximately \$250.00 per month.
Motion Unanimous by all Board Members.

Board agreed to amend the Jones & Henry original engineering agreement to pay additional \$110,429 for the additional engineering work they have done due to the ODNR changes to the original scope of work for Reservoir#3 improvements project.
A motion/second by Chairman Bowling/Trustee Blocker to approve as discussed above.
All in Favor – All Yeas Motion carried.

Board approved New Hire for the Wastewater Plant to replace Frank Rineair who is Retiring on August 5, 2025.

Scheduled Next Board meeting at the Wastewater Plant on June 19th, 2025 at 6:30PM.
Council will be invited; this will show projects completed and also ones still needing to be done.

The Board approved Stone Environmental Engineering proposal for an amount of \$4,600 unanimously to provide the Environmental Services for the Reservoir #3 Improvements Project as required by the USACE.

Director

Staff continued to attend IMPA Board and Executive Committee and other meetings.

Staff updated the Board on funding and status of all the projects that are currently in process and future potential projects.

Staff planning to apply for CDBG/OPWC grant funding for S. Wright Street water main replacement and street improvements project. Also, planning to work on some inhouse small projects using our own staff.

Staff continued to work with AMP to get grant funding to help on Cyber Security.

Lazenby Street Water Main Replacement and Street Resurfacing project – Procured required funding of \$584,900 in grants for this project and the contract had been awarded and the contractor is started working on this project. Construction Completion of this Project is scheduled to be by November 2025.

The projected potential local match for this project is to be \$0.00

Orchard View/ Orchard Circle water, storm sewer, sanitary sewer, and street resurfacing phase - 2 project. Procured required funding of \$795,400 in grants for this project and work on design and engineering plans had been completed. Bids are due on May 30th for the construction.

The projected potential local match for this project is to be \$0.00.

Orchard View /Orchard Circle water, storm sewer, sanitary sewer, and street resurfacing phase–1 project - procured required funding in grants for this project. The construction is in process. Potentially, we may not need any local match for this project.

- All sanitary sewer laterals have been separated.
- Contractor plans to work on the 24-inch storm sewer next, due to the depth of the pipe.
- Storm sewer work is complete.
- Starte installing the new water main

Electric Substation Construction Project:

- Procurement of land for substation construction is complete.
- Continued to work on construction plans, design, and funding for the project.
- We have applied for DOE grant funding for a projected cost of \$9,000,000 for this project and were not successful in getting the funding in first phase.

Planning to apply again in next phase of funding release, and also looking at other financing options.

The BPA Board approved a Budgetary Construction Cost Estimate of \$10,373, 244 for the Substation Project, and IMPA/ISC staff started the engineering & design work on initial phase of the project.

The Board approved \$114,000 ISC proposal unanimously for the phase-1 engineering & design work.

The Board approved a change order for not exceed \$17,000

The site had been cleared and a sign had been installed.

Electric Distribution System Upgrade and System Conversion (4.16 KV to 12.47 KV):

- We have applied for DOE grant funding for a projected cost of \$10,000,000 for this project We were not successful in getting the funding in first phase.

Planning to apply again in next phase of funding release.

Staff continued to work on Distribution System Upgrades with local funds.

Staff continued to meet and discuss with RCAP on GIS Mapping and Asset Management.

Staff continued to meet and discuss with RCAP, EPA, USACE, ODNR, FEMA, and Jones & Henry Engineers on the Reservoir #3 project approvals and funding. Current cost estimation to complete this project has increased from about 3.6 million to about \$4.3 million dollars. So far, we have acquired about 2.2 million dollars through OPWC and USACE for this project.

Working through ODNR to procure rest of the funding from FEMA (HHPD Grants) – Waiting for response from FEMA/ODNR (Funding is on hold due to President Trump's executive order).

Current Status on the Project (Reservoir #3 Improvements):

- Specifications and construction plans have been approved by the ODNR for construction.
- Ohio EPA reviewed and approved construction plans
- Submitted plans to USACE review and approvals – in process
- Entered into PMP agreement with USACE
- Emergency Action Plan has been submitted and approved by the ODNR.
- FEMA has released the NOFA and the ODNR applied for funding on behalf of the Village/BPA for rest of the funding for construction.
- Staff submitted a 2025 project nomination for EPA funding for Reservoir #3.
- Trying to get some funding for the project through Senate Offices from Congressionally Directed Spending (CDS) funds – in contact with Senator's staff, and
- Also trying for the same through Congressman's office.
- Completed Survey work on Deeds for the land associated with the Reservoir #3 and submitted it to USACE as required.
- Bidding planned for June/September 2025.
- Working on some more information requests from USACE.
- FEMA Grant \$1,467,308 applied for has been put on hold pending the outcome of the President Trump's executive order, holding all funding until a review has been completed
- Working with USACE to get reimbursement on expenses incurred for the project construction to-date.

Submitted a Draw request #1 for an amount of \$52,538.45 reimbursement, for the Period of Performance 05/12/23-07/12/23. Received the USACE portion of the payment

Staff continued to work on potential funding from local, State and Federal funding agencies for the electric, water, street, and sewer projects.

West Fancy Street Phase – 2 water main replacement and street resurfacing project – Procured \$500,000 grant funding from CDBG for the project except a small amount for local match – construction work is in process and is in final stage - Completed installation of 8" water main. Started patching the street to prepare for pavement.

Contractor to start work on Vine Street water tower project soon.

Electric System:

Electric Distribution system operation – Continued to be normal with minor weather-related problems.

Staff working on commercial and residential customer service upgrades.

Staff continued to work on non-pay disconnections every month. All or most of the non-paid accounts are disconnected remotely using the AMI system.

Staff continued to work on relocating the primary line on Main Street.

Staff continued to work on upgrading the primary line on Center Street.

Staff working on upgrading the primary line on West Fancy Street.

Completed work on service upgrades in the alley next to Library.

Staff continued to work on systemwide improvements as weather permits.

Water System:

Water Treatment and Distribution systems operation – continued to be normal and meets the Ohio EPA Rules & Regulations.

Reservoir water storage levels: We have about 231 million gallons of storage available to treat and supply for about 19 months at the current flow rate to our residents and neighboring water haulers.

Staff continued to look for procuring grant moneys for an additional emergency generator for water plant.

Cathodic protection unit in Fancy Street Water Tower is damaged due to icing and staff is looking into repair or replace it - staff continued to work on it.

Staff continued to help sewer department on the plant and other equipment repairs.

Staff continued to work on various field and treatment plant equipment, and pickup trucks maintenance.

Staff continued to help reading water and electric meters as required.

1743 AMI meters have been installed and are in service to-date. Staff continued to install new heads and radios on majority of the larger meters in town for remote reading purposes.

Staff continued to work on clearing the brush around the reservoirs as weather permits.

Staff continue to work on grounds maintenance as weather permits.

Sewer System:

Sewer Treatment Plant and Collection System operations are continued to be normal and in compliance with the Ohio EPA Rules & Regulations.

Staff continued to work on repair and maintenance of various equipment at the WWTP and on the collection system.

Working on plant electric control systems wiring upgrade.

Staff worked on several cleanouts for customers.

CDM worked on reprogramming the SCADA system to make the controls work properly on EQ Basin.

Hired Televac to clean the sewer main on John Street.

Johnson Electric worked on the controls for primary and secondary pumps. Still having some issues. Contacted Buckeye pumps to inspect the pumps.

Magna Rotor needs bearing replacement. Staff working on it.

Both the digester blowers need to be worked on. Staff working on it.

Secondary Clarifier #1 needs rebuild of work gear. Staff working on it.

A new water pump has been ordered for the backup generator – waiting for parts.

Staff working on Secondary Clarifier #1. Ordered parts for repairs – waiting for parts.

Staff continued to work on grounds maintenance.

Old fence between BPA and Mr. Wilson property has been removed, and cleaned the brush to replace fence – in process and will be worked on as time and weather permits.

Other Business:

No other business been discussed.

A Motion/Second by Trustee Blocker/Chairman Bowling to close and adjourn the meeting at 8:48PM
All Yeas. Motion Carried

James Bowling - Chairman

Donna Johnson, Clerk
