Paul Daniels, Street Department Supervisor, explained that the dump truck currently in his department is 20 years old and has been in for repairs three times this year. He found a 2021 International Dump Truck that is diesel, 4-wheel drive and is equipped with a snow plow and salt spreader for \$101,376.86. Mr. Hollon stated he had looked at the truck with Paul and described some features. He remarked that the truck was well made. Mr. Daniels stated he had found some used trucks, but the cost for them, most with many miles, were priced from \$57,000.00 and up.

Mr. Gephart asked what would be done with the existing dump truck. Mr. Daniels shared that it would be donated to the Parks Department, which had agreed to pay for the repairs currently required.
